

Another One Bites the Dust: Jensen Murphy, Ghost For Hire

Jensen Murphy is back in the spooky sequel to *Only the Good Die Young*. Some people think that ghosts are spirits that refuse to go to the other side because they have unfinished business. Take my word that's true. I should know. I'm a ghost. I was an ordinary eighties California girl, dead before my time, until psychic Amanda Lee Minter pulled me out of the time loop where I was reliving my death over and over. Now I'm Jensen Murphy, Ghost for Hire. I decided to put my spooky talents to use in helping Amanda Lee track down bad guys and killers (including my own). It's taken time to figure out exactly how that will work (our first case was definitely a learning experience for all involved), so when a young woman asks Amanda Lee for help convincing her best friend to leave a dangerously hot-tempered boyfriend, I'm ready and willing to use our collective powers on her behalf. But some people are dangerous not only to the living especially when there are darker forces involved....
