

Killer Sea

Seafarers young and old, intertwined and owned, for all eternity, by the killer sea. Killer Sea is the story of a young diver with a death wish who journeys through the South East Asian oil fields, finding a harsh and hostile world of survival and endurance amid a cast of cutthroat bastards and glorious sinners. Its also a journey of self-discovery, a young man finding his real place in the world. Its all here, the secrets of off-shore oil drilling in South East Asia revealed: prostitution and drug dealing; oil company corruption and cover ups; back stabbing and murder; typhoons and shipwrecks; and last but far from least the danger of deep-sea diving.
