

Mortality

In this all-too-possible novel of up-to-the-minute medical suspense, the author of *The Protocol* takes readers one step beyond the breakthroughs of Botox and cosmetic surgery...with a frightening glimpse into the future of life extension therapy. Plastic surgeon Paul Tobin works for an exclusive clinic specializing in a revolutionary new therapy that not only halts the aging process, but actually reverses it. Its a medical miracle. Until the patients start dying-one by one.
