

## Black Jacks

#1 Amazon bestselling Author!!  
Someone is committing murder in Flint, Michigan, leaving a black Jack of Spades as a calling card. Jack Beauregard, a state trooper Colonel with gubernatorial aspirations, is desperate to solve the case and secure the election. Circumstantial evidence points to a cantankerous old local, John Garrison. Amy Fraser, a beautiful and aggressive defense attorney, is hired to represent him, but Amy has demons of her own. Abused as a child, she is haunted by recurring visions and ghostly apparitions. She fights for John, and for her own sanity.

Despite a lack of adequate evidence, Beauregard continues his quest to railroad Garrison; his political ambitions more important to him than the truth. Several subplots evolve around a bevy of small town characters. Find out what the real truth is, or isn't, in Shaun Webb's gripping mystery novel, *Black Jacks*. The game begins, and Jacks are wild.
