

## Once Upon A Spy (Japanese Edition)

I left the room and went into the bathrooms. Hidden inside the water tank there had to be a gun packed under vacuum in a nylon bag, to be found by me in case of danger. If this was the right house and if no gun meant I was in great danger! I plunged my hand inside the water and found the gun. All was well; they did not get to it before me. Besides the poker players could there be others hidden in the house? I unpacked the gun. It was an automatic Beretta. Next to it my favorite weapon was also packed; a Japanese knife. I open its right blade and attached it inside my arm with a plastic band. I rolled my shirts sleeve down leaving it unbuttoned and put on my jacket. I placed the gun inside my right leds sock. I pulled the water, wet my hair and went out.... Back in the room I went directly to the man with the shiny boots. I stopped next to him, he had a look in the hands and smiled to him and he smiled back. Sod is a Mossad operative at the peak of his career. His profession requires him to travel all over the world, always highly strung and facing death and danger. This is why he remains unattached. If he ever contemplated married he was turned down..... During one of his mission he comes across Ersen who works for Turkish Intelligence. Sod and Ersen co-operate on many dangerous missions and develop a solid friendship. This Israeli writer invites you to enter the intricate world of international intelligence agencies. Penetrating the inside working of these agencies will make you wonder whether all these were lived by Sod. Once A Spy is a book which keeps its promise of adventure and excitement..... Finally exactly on time, the person whom I have been expected showed up. After saying the password, I hand him the bag and he gave me an envelope. No further words were mentioned afterwards. When I entered the first store on my way to check the environments I became aware of a parked

Mercedes which had three passengers. I started to keep a close watch on them. The man who carried the bag was walking with rapid steps on the other sidewalk. Suddenly he stumbled and fell. Two people rushed out of the Mercedes, grabbed him and put him into the car. The car started with full speed and disappeared.
