

The Final Chapter

One girl is brutally murdered and another missing. Investigations can tie another dozen missing girls to the case as well. Detective Jim White follows clues amid the backdrop of Reno, Nevada, the beauty of Lake Tahoe and the staid city of Sacramento, California. In Sacramento the office at the center of these crimes sits, the offices of Novells.Com. A semi-popular writers site that uses popular boy bands to lure teenage girls to swell its numbers, its also the hunting grounds of the twisted killer. Its also where Detective White meets Grace Payne, the office manager and apparently the only sane worker there. As the investigation progresses all indications point to Harold Parson the sites owner. Even as the evidence mounts Jim is not so sure Parson is the one. His sights are set on a notorious serial killer that has managed to evade capture for years. When the two men are linked it seems as if the case is clear cut and moving towards the right direction. It doesnt take long for that to unravel bringing Jim, his partner Bill and Grace into a dizzying spiral of madness when the true killer is revealed. Follow Jim and Grace as they track the killer, fall in love and try to survive the Final Chapter of the killers tale.
