

## SERENDIPITY AND ME

Can true love triumph, even in the face of tremendous adversity and against all odds? Blair is an accomplished woman of substance with beauty of body, soul, and mind. While she and her dog, Max, are roasting hot dogs on the beach in Kennebunkport, Maine, Sam, an attractive attorney, serendipitously crosses her path. An instant electrifying attraction ignites. Just as this love story unfolds, Sam is involved in an almost fatal accident, as he is on his way to celebrate their anniversary. In addition to serious injuries, Sam has amnesia and cannot remember anything about his life . . . including Blair and his immediate crazy love for her. As their story progresses, their love is challenged to its very core, and sets them on a soul-searching odyssey, as they seek their shared destiny. Along the way are a series of twists and turns, including the storm of the century, a stem cell transplant, and the loss of two people dear to both of them. Will a medical miracle aid Sam in his recovery? Will Blair and Sam ultimately find their way back to each other? There is a powerful, overwhelming, destined kind of love.
